The Deer Valley Rock Art Center has the largest concentration of Native American petroglyphs in the Phoenix Valley. Visitors hike a quarter-mile trail to view over 1,500 petroglyphs made between 500 and 7,000 years ago. The museum aims to promote preservation, connection and respect for the site and we are a destination for families to learn about archaeology in their own backyard. The Center is managed by one of the top archaeology programs in the country – the School of Human Evolution and Social Change, in the College of Liberal Arts and Sciences at Arizona State University.

Hours are 9 am to 5 pm Tuesday through Saturday; 12 pm to 5 pm on Sunday. The Deer Valley Rock Art Center is located at 3711 W. Deer Valley Road in NW Phoenix.
